

PROJECT DESIGN SERIES Bathroom Planning

About the course

This course is designed for:

- > sales consultants looking for design skills to assist them to sell their products
- > product specifiers and industry sales representatives (eg working in tile retailers or plumbing suppliers)
- > renovators planning their own bathroom

Using a range of predetermined cabinets, fixtures, fittings and finishes, you will gain skills and knowledge to plan a bathroom to suit the space within a home.

Course duration and delivery

Duration: Self paced – 12 weeks is recommended, allowing 3-4 hours per week.
(Once you are registered you have 6 months to complete the course.)

Delivery: Distance learning

Resources

Learner Resources: Upon course commencement you will receive access to electronic learner resources that have been developed by leading design professionals to provide a stimulating learning process. Each module is made available to you after the completion of the previous module project.

Other Resources You will need to have access to a computer with Microsoft Office or equivalent and a high speed internet connection. General stationary items including pens, pencils, notebook, ruler and tape measure are recommended.

Trainers

All trainers are experienced and qualified bathroom designers with broad skills and knowledge in design and the home improvement sector.

Projects and feedback

At the conclusion of each module, you complete a project and submit to your trainer for review. Your trainer will provide you with feedback to give guidance on aspects that are well executed and/or opportunities for development.

Support and advice

Our Student Support team offer a range of options for assistance. You can make contact during business hours via phone, or email to log a request for assistance, guidance and feedback.

Dates

Courses commence on the first Tuesday of each month and registration needs to be finalised by the first Monday of the month.

Certificate of participation

All participants who complete and submit the projects will receive a certificate of participation.

Cost

\$890 (Inc GST)

OR register for this course plus either Kitchen Planning or Interior Planning at the same time for \$1290 (Inc GST)
