

## PROJECT DESIGN SERIES

# Laundry Planning

### About the course

This course is designed for:

- > interior designers
- > kitchen and bathroom designers
- > sales consultants and product specifiers
- > home renovators

This course will provide the skills and knowledge to plan a laundry and focuses on laundry configurations, work zones, planning guidelines, storage innovations and aesthetics.

### Course duration and delivery

**Duration:** Self paced – 6 weeks is recommended, allowing 3-4 hours per week.

(Once you have commenced you have 3 months to complete the course.)

**Delivery:** Online

### Resources

**Learner Resources:** Upon course commencement you will receive access to electronic learner resources that have been developed by leading design professionals to provide a stimulating learning process.

**Other Resources** You will need to have access to a computer with Microsoft Office or equivalent and a high speed internet connection. General stationary items including pens, pencils, notebook, ruler and tape measure are recommended.

### Trainers

All trainers are experienced and qualified designers with broad skills and knowledge in laundry design and the home improvement sector.

### Projects and feedback

At the conclusion of the course, you complete a project and submit to your trainer for review. Your trainer will provide you with feedback to give guidance on aspects that are well executed and/or opportunities for development.

### Support and advice

Our Student Support team offer a range of options for assistance. You can make contact during business hours via phone, or email to log a request for assistance and guidance.

### Dates

Courses commence on the first Tuesday of each month and registration needs to be finalised by the first Monday of the month.

### Certificate of participation

All participants who complete and submit the project will receive a certificate of participation.

### Cost

**\$330 (Inc GST)**

### Need more information

If you require any further information regarding this course, please contact us and we would be happy to assist.
